

New Voices: Directing

Students who have previous experience with theatre performance or directing may apply to be a part of this pathway. Each director, selected through an application and interview process, is assigned to a single, one-act show. Directorial duties include interpreting their written show and adapting it for the stage, leading all rehearsals to coach performers and block the show, communicating their vision to designers, and approving the various design elements of their show.

Directors may also perform in one other show or tech for one other show. They cannot perform *and* tech in addition to directing, nor can they accept any additional responsibilities in the New Voices program. Playwrights may also direct for any one-act, including their own.

The deadline for online submission of the [directors' application](#) and personal portfolio (optional) before **May 20th**. Interviews will take place on **May 21st**.
