

## New Voices: Technical Crew

All technical organization and operation duties will be the responsibility of the students in the production tech crew. For each one-act show, these students will fill the positions of sound operation, lighting operation, set construction and break down, front-of-house crew, and assistant stage management. Their individual jobs will be determined after casting. No application is required to participate in this pathway. Everyone who registers to be a part of the tech crew will be admitted to the program.

Members of the tech crew may perform in any other show. Playwrights may tech for any one-act, including their own.

[Tech registration forms](#) must be completed online by **June 15th**.
